(You must have a permit before any connection to the water and sewer can be made)

Applicant _____

Date _____

Address: _____ **Phone No.** _____

The undersigned applicant hereby requests a permit for _____ **Water \$ 100.00**

_____ **Sewer \$ 150.00**

For the following described premises:

The proposed use of the water system:

_____ **Residential**

_____ **Commercial**

_____ **Industrial**

Applicant agrees to check with the Water and/or Wastewater Superintendent as to the type of materials and connections to be made prior to beginning any work.

When the installation or repair of any sewer lines requires a cut in any street or alley, the person requiring the work shall replace all surfaces with like surfaces.

Sump pumps and drainage tiles must be inspected by the City before fill or cement is in place. No person shall connect a roof downspout, sump pump, exterior foundation drain, areaway drain, or other sources of surface run-off or groundwater directly or indirectly to a public sanitary sewer.

The undersigned applicant further agrees to abide by the rules and regulations and to pay the established rates provided by ordinance.

I certify that the above information is true and accurate and that the above applicant will comply with City Ordinances in all respects.

Signed

Applicant
